**Additional Backup Information**

The total value of this interlocal agreement to the City of Austin will not exceed \$500,000. The interlocal agreement has a 1-year term, extending from September 1, 2017 to August 31, 2018. The terms of the interlocal agreement are materially identical to last year's interlocal agreement for special events services between the City of Austin and the University of Texas at Austin.

Pursuant to the terms of the interlocal agreement, Austin Police Department (APD) Special Events Unit will provide to University of Texas at Austin, on an as needed basis, assistance in the planning and execution of street closures, parades, political protests and VIP escorts. Austin Police Department will establish crowd control measures at events and maintain law and order. The Austin Police Department special events team will closely monitor events with other Austin Center for Events (ACE) members. With applicable input from other ACE members, the Austin Police Department may alter original plans to address public safety concerns as needed. All Austin Police Department officers working at an event are governed by Austin Police Department policy to ensure that a professional service is delivered within the tourism policing model.
